

Introduction to Community Energy Plus

Community Energy Plus is a charity and social enterprise providing services to help householders and communities in Cornwall enjoy warmer, more energy efficient homes.

For 15 years we have worked in partnership with a wide range of public, private and third sector organisations to support a variety of innovative projects relating to energy efficiency and renewable energy, including community ownership models.

Our achievements:

- Helped over **25,000 households** in Cornwall to make their homes warmer and save a total of over **£2.5m** per year on their energy bills.
- Contributed to over **1MW** of installed renewable energy capacity in Cornwall.
- Partner in the development of Cornwall's first Community Energy Co-operative; Community Power Cornwall.
- Secured over **£1.4m worth of funding for community projects** contributing to a total value of over **£3.8m**.
- Installed a total of **177kw of solar PV on 22 buildings** including village halls, sports clubs, schools and GP surgeries through the Solar Communities' project.
- Provided **fuel poverty awareness training and advice to over 300 frontline health, housing and social care workers and community volunteers** in Cornwall.

Kabin

Social Economy & Cooperative Development Cornwall

Established in 1997 we promote co-operative solutions and provide well-informed, high quality support to groups and individuals interested in co-operative, community and social enterprise.
