

## **British scientific mission documents Yemen sea history**

**Feb 8 03:10 PM US/Eastern**

SANA'A, Feb. 08 (Saba)- A British scientific mission of Exeter University has started an extended study over the Yemeni maritime heritage and the history of navigation in Yemen.

Chairman of Antiquities Organization Abdullah Ba-Wazir told 26 sep.net that the British mission had started works in Aden governorate and it will visit, during its works, a number of coastal areas such as Mocha, Khawkha, Kamaran and al-Salif.

He noted that the mission will also met with a number of Yemeni historians and researchers.
